Video games

## About me

Frontend Developer and dedicated student with a strong foundation in building responsive, user-centric web applications. Proficient in HTML5, CSS3, JavaScript, and React, with a solid understanding of Version Control (Git/GitHub) and RESTful APIs. Proven ability to collaborate effectively through volunteer experience in fast-paced environments. Passionate about writing clean, maintainable code and solving complex UI challenges.

## Experience

**Media Team Volunteer**

**Foursquare Gospel Church, Egbe District Headquarters** **2020 - Present**

**Technical Broadcasting:** Managed live streams to YouTube, Facebook, and Mixlr using vMix and EasyWorship for high-stakes weekly services.
**Visual Operations:** Operated professional cameras and maintained high standards for visual composition and framing under pressure.
**Problem Solving & Collaboration:** Coordinated with technical teams to troubleshoot glitches and ensure zero downtime during live productions.

## Education

**(2023-2027)Bsc. Computer Science**

***Covenant University***

**Relevant Coursework:** Internet Programming (Web Dev), Data Structures & Algorithms, Software Engineering, Data Management (SQL), Object-Oriented Programming, and Systems Analysis & Design.

**(2023-date) Front End Developer Career Path**

***Scrimba***
